

Agriculture Skill Assessment Test

Subsidized project of the Ministry of Agriculture, Forestry and Fisheries of Japan

Purpose:

To evaluate the knowledge and skills necessary for foreign workers in agriculture under the "Specified Skilled Worker System" by the Japanese government

Categories of Examination

- I. General Crop Farming
(cultivation management, farm machinery, agricultural material)
- II. General Livestock Farming
(feeding and management, farm machinery, agricultural materials)

- * The exams include questions to evaluate the basic Japanese language skills necessary for agricultural work sites.
- * The exams are conducted in the form of CBT (computer-based testing) through computers.
- * As the requirements for Specified Skilled Worker, in addition to the exams, passing the Japan Foundation Test for Basic Japanese or the Japanese-Language Proficiency Test N4 or higher is required, to verify that foreign workers have basic Japanese language skills.
- * Passing the exam does not guarantee working in Japan.
